EXPERIENCE

Fetch Rewards, Madison, WI — *Quality Automation Engineer*

FEBRUARY 2021 - PRESENT

- Improved local testing setup wikis to streamline onboarding
- Collaborated with other engineers to convert the receipt generator app to a full-stack mocker of receipt and user creation events
- Automated testing of Device Verification UX
- Added iPod to automation devices to capture responsiveness bugs

Fetch Rewards, Madison, WI — *QA Analyst*

MARCH 2020 - FEBRUARY 2021

- Eliminated the team's need for real paper receipts by designing/developing a fake receipt generator web app
- Slashed the amount of facetime required to train other QA on various testing topics by authoring dozens of wiki articles
- Fixed an issue with an internal dashboard by leveraging my React knowledge and collaborating with a back-end engineer

Fetch Rewards, Madison, WI — *Client Support Specialist*

OCTOBER 2019 - MARCH 2020

- Caught and documented a bug found with a specific gift card reward that was creating a poor UX for iPhone users
- Volunteered to help with Spanish Zendesk tickets when the team was temporarily without a bilingual support specialist

EDUCATION

University of Wisconsin - Whitewater, Whitewater, WI — *Spanish Education, BSE*

SEPTEMBER 2012 - DECEMBER 2018

- Lived and studied in Spain for 1 semester
- Co-founded and co-managed the campus Parkour Club
- Learned to code in my free time
