STEVEN BOUTCHER

EXPERIENCE

Fetch Rewards, Madison, WI — *Front-End Engineer Apprentice*

JAN 2022 - PRESENT

- ★ Improved the speed and reliability of multiple web scraper scripts
- ★ Built a component for a new static site using Svelte/Tailwind/TypeScript
- ★ Refactored a web app from Bootstrap to plain CSS + Grid + Flexbox
- ★ Mentored the company's first web scraper apprentice

Fetch Rewards, Madison, WI — *SDET*

FEB 2021 - JAN 2022

- ★ Co-founded the SDET Apprenticeship Program, including a Git course
- ★ Wrote E2E mobile and back-end tests using RSpec and Pytest
- ★ Created a React app to make sending team birthday eCards easier, but still fun and personal (then presented on it to the whole company to generate interest)

Fetch Rewards, Madison, WI — *Functional QA Analyst*

MAR 2020 - FEB 2021

- ★ Created a React app for QA to use for building detailed mock receipts
- ★ Documented testing strategies in over 50 company wiki articles

EDUCATION

University of Wisconsin - Whitewater — *BSE, Spanish Education*

SEPT 2012 - DEC 2018

LANGUAGES

English, Spanish, HTML/CSS, JavaScript, Ruby, Python

TECHNOLOGIES

Git, React, RSpec, Pytest, Svelte, TailwindCSS, TypeScript, Jest

FUN FACTS

Co-founded a parkour club in college; tested out of 2 semesters of Japanese through self-study, learned to drive stick-shift when I was 25; earned a few euros playing violin on the street when I was studying abroad in Spain
